Crews to construct work trestle for Pensacola Bay Bridge replacement project

Chipley – Work will begin Friday, April 21 to construct a work trestle adjacent to the Pensacola Bay Bridge in Gulf Breeze. The trestle will be used for material deliveries and to position equipment needed to construct the new bridge. Work will take place off the roadway with no impacts to traffic. Nearby properties may experience noise as piles for the mooring system and trestle are installed.

Planned construction activities are weather-dependent and may be re-scheduled in the event of inclement weather.

More information on the Pensacola Bay Bridge replacement project is available online at www.PensacolaBayBridge.com, [www.Facebook.com/MyPensacolaBayBridge](https://www.facebook.com/MyPensacolaBayBridge) and www.instagram.com/MyPensacolaBayBridge.
